

DANCE EVOLUTION STUDIOS

DEVOS was conceived to create dance classes that focus on the passion and fun of dancing, keeping young people fit and active and teaching technical skills in an exciting innovative way. DEVOS empowers young people to grow into successful adults in all aspects of their life by introducing mindful movement and gratitude into their dance class.

Formerly known as Queenstown School of Dance, DEVOS has been teaching Whakatipu students since 2006. We offer recreational classes in a workshop style environment. Suitable for both beginners and seasoned dancers wanting to challenge themselves in all genres of dance.

DEVOS CLASS DESCRIPTIONS

DANCE FUSION is a recreational class that teaches all styles of dance in a workshop style environment.

This class includes a warm-up, mindful movement and one technical exercise focusing on general dance technique.

Dance Fusion for school years 1 to 4 teaches aspects of every style of dance including jazz, ballet, contemporary and hip hop. The aim of this class is to provide a strong base and knowledge of general dance technique and dance moves.

Dance Fusion for school years 5+ introduces a stronger focus on commercial jazz. This is the fun style of dance seen on Music Videos, Instagram and Tik Tok. The aim of this class is to learn lots of different dance moves and dance styles, to explore self-choreography and self-expression and to acquire the skills and confidence to perform dance. These classes suit both absolute beginners and advanced dancers.

EXTENSION CLASS is for those students wishing to pursue dance seriously. *To enrol in this class, students must also be enrolled in a Dance Fusion class.*

The Extension class teaches technical exercises which will enhance flexibility, strength and focus on learning correct technique in executing dance moves.

The primary focus is on Jazz, Ballet and Contemporary technique. This includes foot articulation, spine alignment, rib stabilisation, turn-out, arm alignments, body isolations and limb extension. Students will learn how to jump, land, balance and turn correctly.

HIP HOP FUSION is taught in a fun, workshop style environment of mixed ages with multiple teachers each sharing their individual knowledge and expertise. We aim to teach all styles of hip hop equally, in a supportive fun group atmosphere. This class is open to all abilities.

NEW

ADULTS 4 WEEK BLOCKS for Beginners to Intermediate.

A relaxed fun dance class, grab some friends and join us!

Block 1 – August 1st

Block 2 – September 5th

NEW

MUSICAL THEATRE – SONG, DANCE AND DRAMA for 9-12yr olds. Do you want to be a triple threat? This class is taught jointly by Zelia Horrell and Anna Stuart. Zelia is a dynamic drama and singing coach and Anna Stuart will be teaching musical theatre style dance and tap dance (tap shoes not needed). Each term we create a magical musical theatre piece that is performed for friends and family.

MINIGROOVERS – PRE-SCHOOL DANCE for 3&4yr olds. These classes are levelled at introducing young children to the joy of dance without the stress and extra cost of examinations and uniforms. Our teachers are experienced with pre-schoolers and although we focus on having fun, our goal is to set a disciplined dance environment in which we can lay the foundations of dance for their future. Instilling a love for dance and the joy of movement. Jazz, Hip-Hop and Classical techniques are studied in class. All genres are vital in learning to be a versatile dancer. This class is designed so that pre-schoolers can join part-way through the year and still feel successful. *(note parents are welcome to watch, but not to chatter)*
